## WELCOME MESSAGE

Dear Colleagues,

The international conference "Alzheimer's disease - a challenge for the contemporary world. Medical Psychological and Social Research and Intervention", which will take place between the 8<sup>th</sup> and 9<sup>th</sup> of November, is on the list of important events of the Romanian Alzheimer Society, organized by the Napoca Branch together with "Iuliu Hațieganu" University of Medicine and Pharmacy, Cluj-Napoca and "Babeș-Bolyai" University, Cluj-Napoca.

It is for the first time that a branch of the Romanian Alzheimer Society organizes such an event, an initiative we are proud of.

The stated objective is to bring together specialists from multiple fields such as medicine, psychiatry, public health, psychology, social work, sociology, anthropology, social policies and public communication who will exchange ideas and share some of their experience, but also the results of their recent research in the fields of neuroscience, neuroimaging, clinical psychiatry, neuropsychology, psychology, sociology and social work.

With the assurance that this conference will be a success and you will gain valuable information from which you will benefit in your professional field, I wish you all the best!

Honorary President

## INFORMATION ABOUT CLUJ-NAPOCA

Cluj-Napoca is a treasure chest in Romania, which has earned its place as an economic, cultural and innovation center, both nationally and internationally. Today, the city is one of the most effervescent cities in Europe, with a multicultural environment that attracts both tourists and emigrants.

Cluj-Napoca is not called the "Heart of Transylvania" because of its geographical position, but because of its role in the historical and economic development of the region. In the 18<sup>th</sup> and early 19<sup>th</sup> centuries, when Transylvania was part of the Austro-Hungarian Empire, Cluj was the capital of the province of the empire, an unofficial title that the city holds today.

### Fascinating things about Cluj:

- **Youth Capital:** In 2015, Cluj was the European Youth Capital
- **The friendliest city in Europe:** 91% of locals have a positive outlook on foreigners who come or live in the city
- **The cleanest air in Europe:** Cluj-Napoca ranked first among the 100 largest cities in the European Union in terms of air quality, in 2014
- **The largest multipurpose hall in south-east Europe:** opened in 2014, it can accommodate more than 7,000 people for sporting events and about 10,000 for a concert
